- A. Bulk Administration Tool
- B. Product Upgrade Tool
- C. Command Lookup Tool
- D. Cisco Unified Communications Manager User Options Page
- E. Cisco Upload Tool

Correct Answer: A

Section: Provision End Users and Associated Devices

Explanation

Explanation/Reference:

QUESTION 8

A user wants their name to show on their phone instead of their directory number. Which configuration item allows an administrator to do this?

- A. Line Text Label
- B. Alerting Name
- C. External Phone Number Mask
- D. Caller Name
- E. Description

Correct Answer: A

Section: Provision End Users and Associated Devices

Explanation

Explanation/Reference:

QUESTION 9

A user would like all calls to be forwarded to voice mail. The user's phone is not set up with a soft key for this feature. Which option accomplishes this configuration from within the Cisco Unified Communication Administrator Directory Number configuration page?

- A. Call Forward and Pickup Settings > Forward No Coverage External > Select voice mail check box
- B. Call Forward and Pickup Settings > Forward Busy External > Select voice mail check box
- C. Call Forward and Pickup Settings > Forward All > Select voice mail check box
- D. Call Forward and Pickup Settings > Forward Unregistered External > Select voice mail check box

Correct Answer: C

Section: Provision End Users and Associated Devices

Explanation

Explanation/Reference:

QUESTION 10

A new user has successfully registered Cisco Jabber. Which option verifies that the Jabber client is connected to all appropriate back-end systems?

- A. Show Connection Status
- B. Report A Problem
- C. Advanced Settings
- D. About Jabber
- E. Reset Jabber

Correct Answer: A

Section: Provision End Users and Associated Devices

Explanation

Explanation/Reference:

Section: Provision End Users and Associated Devices
Explanation

Explanation/Reference:

Explanation:

The error message shown in Jabber is "Cannot communicate with the server" which points us to a connectivity issue with IP/DNS or the server is down. All other answer choices would result in a login failure, not communication error.

QUESTION 13

Use the exhibits below to answer the question.

EVE DUMPS

Explanation/Reference:

Explanation:

Use device pools to define sets of common characteristics for devices. The device characteristics you can specify for a device pool are:

- Region
- Date/time group
